Dharma Developments and City of Ottawa Reach Settlement in Orville Station Case

Ottawa, Ontario - *Dharma Developments is pleased to announce that it has accepted a settlement proposed by the City of Ottawa with respect to the Orville Station development.*

The application will come before Planning and Environment Committee on February 23, 2010 and Council on February 24, 2010. The proposed settlement addresses all concerns brought forward by the City's Legal Department and continues to have full support from City Planning Staff. Dharma Developments appreciates the input from all parties including the local Ward Councillor and the Community Association, involved in ensuring the resolution of this matter.

"We would like to thank our customers, friends and colleagues for their ongoing support. Their voices have had an impact." - Akash Sinha, President of Dharma Developments

About Dharma Developments

Dharma means 'a way of life' or 'code of conduct'. We hold high ideals for developing homes that combine fresh, innovative design with practical features that make your home easy to live in. We take great care to use the greenest possible approach to building, which provides you with a healthy home and contributes to a healthier, greener community and planet. Finally, we understand the importance of a strong, healthy community and that is why we actively support charitable organizations, arts and recreation.
